Art Unit: 3662

1. Claims 21-29 are allowable over the prior art of record.
2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.
3. Claims 30-38 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Independent claim 30 is indefinite and unclear in that the preamble presents the claim as being directed to an "apparatus" (line 1), but the body of the claim recites a computer program product (i.e., computer instructions residing on a computer-readable medium). That is to say, independent claim 30 is indefinite and unclear in that the preamble of the claim and the body of the claim are mutually contradictory as to the statutory class of invention of the claim.

Dependent claims 31-38 are unclear in that they depend from unclear independent claim 30.

4. Claim 30 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.
5. Claims 31-38 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.
6. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Bernarr E. Gregory whose telephone number is (571)
